For nearly 200 years, like most Jews in Germany, they lived in peace. Then, in 1933, the Nazi government came to power and denied Jews the right to live in Germany. Two brothers, Emil (Ed) and Fred Voss, escaped Germany with their parents and one grandmother, but not before suffering as victims of the persecution against Jews. In this book, Fred Voss includes his brothers memories and his own, tracing the story of how they found their freedom again in the United States of America. This edition has been updated from 2004 to 2014, celebrating the 75th year of Fred and Ilse Voss being together. A portion of the royalties are donated to organizations dedicated to preserving the memory of the Holocaust through living actions. Shining through the horrors of the Holocaust is a wonderful love story of two people who endured great suffering and loss but emerged determined to create a new life. Carolyn J. McPherson, Authorized Minister, United Church of Christ, Ithaca, New York For students of the Holocaust, both young and old, the unifying theme throughout *Miracles, Milestones, and Memories* is one of love -- love of family and friends who were lost and found during this horrific period in history. While learning about the terrible outcomes of intolerance, readers will also witness a life-long love story . . . of Ilse and Fred. The book tells a beautiful story of hope, survival, and prevailing love...
