Fundamentals of Robotics: Fun for Parents and Children (Paperback)

By Prof Charria

Latin Tech Inc, United States, 2013. Paperback. Book Condition: New. 251 x 178 mm. Language: English . Brand New Book ***** Print on Demand *****.Do you like movies? Do you like robots? This book is a reading book for children from 5 to 80 years old (ok, ok.from 5 to your age). Caution: This book requires that both, parents (or teachers) and children, work together at least 15 minutes a day on reading texts and assembling some robot pieces (only the printed version) of the robot you see on the cover. The idea is that parents (or teachers) with their children spend some few minutes every day practicing reading, explaining the concepts for reading comprehension and learning about robotics. Every book has vocabulary for parents (or teachers) to help children to understand some terms from the world of Robots. Additionally, with very simple tools like glue and scissors, parents and children build the robot s parts, but again its recommended to make just one robot part per day. This activity help to build childrens imagination and creativity . It is a wonderful way to develop fine motor skills and something very important nowadays: patience. Some cutting and folding is a...
