Blame it on the planets - let's face it, Saturn's a bastard. This hilarious, tongue-in-cheek and detailed weekly guide to next year is interspersed with celebrity readings - find out what will be the hardest challenge David Cameron will face next year (hint: it involves Game of Thrones) and what embarrassing social faux pas will befall Harry Styles - and is packed full of other fun extras, including when to play and not play Monopoly (not June) and those all-important lottery numbers. There's something for member of all signs of the Zodiac and beyond in this rude, witty and bang-up-to-date handbook which is a must-read if you want to know what will happen to you in the year ahead (just don't set your expectations too high). *Disclaimer: Despite astrology being a 100% accurate science, we cannot be held responsible for any personal action or decisions made using our advice as a guide.
