THE SMART EASY GUIDE TO DOG TRAINING: HOW TO MODIFY CANINE BEHAVIOR USING NATURAL OBEDIENCE AND DOG PSYCHOLOGY TECHNIQUES SO YOU CAN SUCCESSFULLY POTTY AND HOUSE TRAIN YOUR BEST FRIEND (PAPERBACK)

Createspace, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Dog is man s best friend, and the friendship dates back by more than 10,000 years. Yet, many of us may not be aware of the very interesting information about dogs that this book reveals. Written by a dog-whisperer and dog-lover, this Smart and Easy guide will not only make training your dog very easy, but also a lot of fun. Just like humans, dogs also have typical behaviors; however, these behaviors are starkly different from our own. This is why many people find it hard to get across to their dogs. Frustrated, they either give up the idea training their dog or opt for professional training. There are two problems with this approach. One: getting your dog trained by a professional trainer can cost \$50-100 per hour, a price that most people find very steep. There are boarding kennels that can cost as much as \$2500 for 2-4 weeks of one-on-one training. You can imagine what the overall cost of teaching a few tricks to your dog can be. And two: you ll miss out on the absolute fun of training your dog yourself. If you are training your dog, you ll get to know each other better and forge the legendary bond of friendship that binds the two species for the last 10 millennia. The Smart Easy Guide To Dog Training: How to Modify Canine Behavior Using Natural Obedience and Dog Psychology Techniques So You Can Successfully Potty and House Train Your Best Friend explains it all. When you start reading this book, you realize that training your dog is much easier than you had thought. The credit goes to the author, who has put everything...
