Brand New Book ***** Print on Demand *****.Excerpt from Scientific Sloyd: A New Original System Founded on Geometrical Principles, for Teachers Colleges, and for Primary, Elementary, and Grammar Schools Here is no dead technical exercise, but life and reality. The useful model invigorates the creative power. The sense of observation is strengthened by learning to judge about different substances, structure and properties of wood, the quality of tools, etc. And especially by the geometrical method set forth in this book the elements of geometry are acquired without any extra effort or straining. This geometrical system creates a taste for simple, beautiful, and rational forms, and the geometrical constructions develop the pupils reasoning power. 2. Manual - The hand is trained to be a ready servant and medium for the brain. General dexterity is promoted and the pupils become more practical. 3. Psychological. - The Pedagogical Sloyd builds a road between the brain and the fingers, and produces presence of mind and readiness to face emergencies. Sloyd thus helps to develop an energetic, courageous and self-relying character. The children are gradually trained towards a...
