

## Handbook of Psychotherapies with Children and Families

---

By Russ, Sandra W. / Ollendick, Thomas H.

Book Condition: New. Publisher/Verlag: Springer, Berlin | The aim of this book on psychotherapies with children and families is to present a comprehensive overview of the current array of intervention approaches in the child mental health field. There is a focus on the integration of theory, research, and practice throughout the book. The book proceeds from the more global presentations of basic theoretical approaches to applications of these approaches with specific problems and populations. It then presents more integrated intervention approaches and overviews of the research literature. One of the unique features of this book is its focus on future directions for each approach, both in clinical practice and in research. A second unique feature is its structured format across diverse approaches with a focus on empirical validation of approaches. Another innovation is the presentation of interventions that integrate major components of different theoretical approaches. Thus, the book reflects the current trends in the field of interventions with specific problems and populations, empirical validation of the approach, and the integration of treatment approaches. There are five major sections in this book. Part I consists of four chapters that address a variety of issues related to child...
