Transworld Publishers Ltd. Paperback. Book Condition: new. BRAND NEW, No Shitting in the Toilet, Peter Moore, No Shitting In The Toilet is named after a sign Peter Moore saw on the door of the lavatory at Jack's Cafe in Dali, Yunnan Province, in China. It's a sign that encapsulated his travel philosophy: that things never quite turn out as you expect. You end up in situations that defy logic, rational thought and, quite often, general well-being - and yet you have a brilliant time, not in spite of these situations, but because of them. And this is the philosophy behind this book and the reason why it isn't really a normal travel guide. OK, it might look like one in its structure and choice of topics, but in fact it's quite the opposite. Instead of practical hints, it gives you impractical ones (How to avoid jet lag - avoid jets .) and rather than tell you the best places to stay, it tells you the worst. Instead of celebrating transcendental travel experiences, it revels in the most demeaning ones (On checking the hygiene in restaurants: there are 2 things you don't really want to see in life. The first is your parents having sex. The second is the state of the kitchen in restaurants catering for backpackers.). But in that sense NSITT is more in touch with the way things really are. The world of NSITT is one where you're more likely to find a cockroach on your pillow than a complimentary mint, a world where you take your life in your own hands every time you get on a bus, a world where everything goes wrong, and you still end up loving every minute of it. Based on the author's award-winning travel website, NSITT is not only hugely entertaining...
