Reviews

Good e-book and helpful one. It can be written in basic phrases rather than confusing. I realized this ebook from my i and dad recommended this book to find out.

Brand New Book ***** Print on Demand *****.Excerpt from The Manufacture of Lake Pigments From Artificial Colours: With Nine Plates In revising the matter for this edition, it was considered that it would be more in sequence if the section dealing with the sketch of the organic compounds at the beginning of the book in the previous edition were transferred to the last chapter. There has been no deviation from the object of dealing with the chemical and physical problems which arise in the production of lake pigments in such a manner as to aid the lake-maker to devise his own methods and formulae, and avoiding, in so far as possible, definite recipes which may be good under one set of conditions but of no use in others. The production of lake pigments at the present time is very difficult, for, with the disappearance of the German dyestuffs from the market, there is great difficulty in obtaining reliable dyes that will produce constant results; for this reason the German names of dyestuffs have been retained in many instances, in order that those who are fortunate enough to have samples of these dyestuffs can readily compare them with what is now offered.
